1. The Soviet garrison at Szombathely has left by echelons, beginning on 30 March 1952. They have gone partly by way of Rum and partly by Sárvár. Some of the tank troops have been taken away in cars by way of Celldömölk. Only small detachments are left in the city for guard and alert duty.
2. Reports are current of similar movements on the part of the garrisons of Kőrmend and Kőszeg.

Comment: It is thought that these are routine movements by Soviet troops, to the Hajmasker maneuver area.
